Mrs. C. H. Davidson
Bram Reed

DIRECTORS (1957-1960):
Bates Raney
William Schroeder
James Snow

NEWS LETTER

OPERATION SNOW SHOES: PERCY MCCRAE reports that he had visited his Camp on snow shoes. As of February 1st there was very little ice on the main lake and no one was getting around much. He reports that VEARL GUNTER has not been well and went to the Bellville Hospital for a check-up. ALL CAMPS were supposed to be INSPECTED for EVERYONE at the first inspection. However, the SECOND AND THIRD INSPECTIONS will be made only for MEMBERS IN GOOD STANDING.

HAROLD AND CAROLINE HEATH will be sailing to Europe the first week of April.

RUBY SEARS is now in Holmes Hospital as a result of a broken leg.

DR. HOWARD BEVIS is chairman of the Committee for Advancement of Scientific Education for President Eisenhower. He is also preparing a Constitution and By-Laws for our Association.

REAL ESTATE: Mr. LANOUPETTE has informed us that he has been acting as Mr. HAND's agent for his cottage at the Lake. The LIGHT HOUSE CAMP was sold to Mr. JOHN FLYNN of Bellville, Ontario. It is possible that Mr. MCMURRAY has a camp which can be purchased at this time.

It was suggested that the CUSTODIANS should be appointed as CONSTABLES and PETER V. V. BETTS has been working on this.

Don't forget THE ANNUAL MEETING on Saturday, JULY 26TH, at EL-Mar-D ON CAMP (Mr. and Mrs. C. H. DAVIDSON). Accurate maps will be given to you at that time --- some members will receive letters requesting information for various reasons.

REQUEST COLUMN:

- A) Ask your friends who are not now members to send us membership dues.
- B) Request your Officers to consider the marking of dangerous rocks which are not now marked. Action on such request?
